2018-2019 Hunting Program at Resica

The Cradle of Liberty Council hosts a hunting program every year at Resica Falls Scout Reservation. Below are some of the details associated with that program. Many hunters offset the cost of the fees by volunteering for service projects in camp. This service is above and beyond any scheduled Scout activities like Unit service projects or OA attendance. Fees listed below are for a permit to hunt at Resica Falls Scout Reservation. Hunters must also purchase a PA State Hunting license.

Price

- Volunteer rate will be \$100 for basic hunting permit
- Volunteer Rate will be achieved by working 16 hours, achieving \$50 off for each 8 hours work.
- Partial discounts will be given for a max of \$100 off. No additional discounts on permits will be given.
- Volunteer hours towards permits are non-transferable.
- These volunteer hours are separate from service specific to scouting activities.
- Non-Volunteer rate will be \$200
- Basic hunting permit (\$100/\$200) allows for Antlered and Antlerless rifle season
- Add-ons \$25 each
 - Archery (Antlered and Antlerless)
 - Muzzleloader/Flintlock/Special Firearms (Antlered and Antlerless)
 - Bear (Archery and Rifle)
 - Turkey (Fall and Spring)
 - Furtaking
 - Small Game

- If you wish to hunt for a season without hunting deer in that year, you may pay a \$50 hunting license fee plus the add-on rate for the game you plan to hunt.
- To just hunt deer archery there is a \$50 add-on to the no deer rifle permit. You may add on to this permit.
- One-day passes are available for deer for \$50 for the day, with add-ons available for adding bear, archery, and muzzleloader/flintlock.
- Youth, under 18, are free and must hunt with an adult with a permit. Must still fill out application.

Hunting Area Reservations

The Hunting Program will return to using the map in the basement of the white house to block out hunting locations. This will give you the first chance to hunt in that area at the start of hunting season, but.....

In fairness to other hunters on the property, this reservation will only be active while you are actively hunting in that area. There will be another map outside of the white house where you will have to put a marker onto your location at the start of your first day hunting, and must be removed if you will not be there for a day. This will allow other hunters the opportunity to hunt in areas that have no one in them, even though they are reserved areas. If you are hunting in the same area multiple days in a row and staying on the camp property, you may leave your marker on the map overnight. If you will not be there for a day or are travelling into the camp property each day, you must remove your marker each night once you are complete so I know that you are not lost or injured in the woods.
