

Listed in alphabetical order below are the merit badges that will be offered at camp. Next to each badge are the requirements that must be completed or started BEFORE the Scout arrives in camp. If they are completed to the satisfaction of the counselor, the badge may be earned at camp, otherwise the Scout may receive a partial. With all merit badges, Scouts should become familiar with the requirements before coming to camp. Merit Badge Pamphlets should be obtained and studied prior to the Scout's arrival to insure familiarity with the merit badges they choose to work towards. Some merit badge requirements require "advanced preparation" by the scouts. The specifics of this depend on the requirement, but generally scouts should be familiar with the information that the requirement covers.

Nuclear Science and Law Merit Badges have been added for the 2019 Camping Season. (See Details Below)
